

PREPARATION

1. Select the sight words flashcards you would like to use for the game.
2. From the Lesson Plans page in the Resource Center, print out the KABOOM!!! cards. Note that the KABOOM!!! cards should be the same size as the flashcards you are using.
3. Mix the KABOOM!!! cards in with the flashcards and put them face down in pile or spread them across a desk.

EXECUTION

1. Divide the students into teams and have them line up by team. Select a team to go first.
2. The first student in line for that team selects a card.
3. The teacher displays the word on that card to the student and asks them to read the word out loud.
4. If the student reads the word correctly, his team keeps that card, he moves to the back of the line and the next student on that team selects a card.
5. If the student gets the word wrong, or the selected card is a KABOOM!!! card, he goes to the back of line and the card goes back into the pile and it is the other team's turn.
6. Repeat for a set amount of time or until all the word cards are gone. At the end of the game, the team that kept the most cards wins.
